COPS Hiring Recovery Program (CHRP) Application

COPS Application Attachment to SF-424

The COPS Hiring Recovery Program (CHRP) is a competitive grant program that provides funding directly to law enforcement agencies having primary law enforcement authority to create and preserve jobs and to increase their community policing capacity and crime-prevention efforts. CHRP funding is available to hire full-time career law enforcement officers. There is no local matching requirement, but grant funding will be based on your agency's current entry-level salaries and benefits for sworn officer positions. Any additional costs for higher salaries and benefits for positions hired under the CHRP grant must be paid for by the grantee agency.

In preparing your agency's grant application, please be advised that grantees are prohibited from reducing state, local, or tribal funding for sworn officer positions as a direct result of applying for and/or receiving this CHRP grant. Instead, this program is intended to supplement the amount of state, local, or tribal funding that your agency would otherwise be able to budget for sworn officer positions.

In addition, at the conclusion of federal funding, grantees must retain all sworn officer positions awarded under the CHRP grant. The retained CHRP-funded positions should be added to your agency's law enforcement budget with state and/or local funds, over and above the number of locally-funded sworn officer positions that would have existed in the absence of the grant.

To the extent possible, all data should come from a publicly verifiable source, and documentation may be requested by the COPS Office. This information will be used to evaluate your jurisdiction's need for federal assistance to address its public safety needs and to preserve and create jobs.

3. Jurisdictional population as of the 2000 U.S. Census: 25514

Please indicate the source of this estimate:

6. Do officers have primary law enforcement authority for this entire jurisdictional population? [An agency with primary law enforcement authority is defined as the first responder to calls for service, and has ultimate and final responsibility for the prevention, detection, and/or investigation of crime within its jurisdiction.]

Yes No

a) If NO, what is the actual population for which your department has primary law enforcement authority? For example, your service population may be the 2007 Census Estimate minus the population of the incorporated towns and cities that have their own police departments within your geographic boundaries.

B. Law Enforcement Agency Information

1. Enter the Current Fiscal Year Budgeted Sworn Force Strength:

Full-time: 94 Part-time: 0

The budgeted number of sworn officer positions is the number of sworn positions your agency has funded within its budget, including state, Bureau of Indian Affairs, and locally-funded vacancies. Do not include unfunded vacancies or unpaid/reserve officers.

2. Enter the Actual Sworn Force Strength as of the Date of This Application:

Full-time: 94 Part-time: 0

The actual number of sworn officer positions is the actual number of sworn positions employed by your agency as of the date of this application. Do not include funded but currently vacant positions or unpaid positions.

SECTION 3: CHRP PROGRAM REQUEST

Your agency may apply for COPS funds to use on or after the official grant award start date to hire new, additional officer positions (including filling existing unfunded vacancies) or rehire officers who have already been laid off, or are currently scheduled to be laid off on a future date, as a result of state, local or tribal budget reductions. Please base your application request on your agency's current anticipated needs for funding in these primary categories. Please also be mindful of the initial three-year grant period and your agency's ability to fill and retain the officer positions awarded, while following your agency's established hiring policies and procedures.

As described in detail in the CHRP Application Guide, it is imperative that applicants understand that the COPS statute nonsupplanting requirement mandates that CHRP funds may be used only to supplement (increase) a grantee's law enforcement budget for sworn officer positions and may not supplant (replace) state, local, or tribal funds that a grantee otherwise would have spent on officer positions if it had not received a CHRP award. This means that if your agency plans to:

(a) Hire new officer positions (including filling existing officer vacancies that are no longer funded in your agency's budget): It must hire these additional positions on or after the official grant award start date, above its current budgeted (funded) level of sworn officer positions, and otherwise comply with the nonsupplanting requirement as described in detail in the CHRP Application Guide and Grant Owner's Manual;

(b) Rehire officers who have already been laid off (at the time of application) as a result of state, local, or tribal budget cuts: It must rehire the officers on or after the official grant award start date, maintain documentation showing the date(s) that the positions were laid off and rehired, and otherwise comply with the nonsupplanting requirement as described in detail in the CHRP Application Guide and Grant Owner's Manual;

(c) Rehire officers who are (at the time of application) currently scheduled to be laid off on a future date as a result of state, local, or tribal budget cuts: It must continue to fund the officers with its own funds from the grant award start date until the date of the scheduled lay-off (for example, if the CHRP award start date is September 1 and the lay-off is scheduled for November 1, then the CHRP funds may not be used to fund the officers until November 1, the date of the scheduled lay-off), identify the number and date(s) of the scheduled lay-off(s) in this application [see below], maintain documentation showing the date(s) and reason(s) for the lay-off, and otherwise comply with the nonsupplanting requirement as described in detail in the CHRP Application Guide and Grant Owner's Manual. [Please note that as long as your agency can document the date that the lay-off(s) would occur if the CHRP funds were not available, it may transfer the officers to the CHRP funding on or immediately after the date of the lay-off without formally completing the administrative steps associated with a lay-off for each individual officer.]

Documentation that may be used to prove that scheduled lay-offs are occurring for local economic reasons that are unrelated to the availability of CHRP grant funds may include (but are not limited to) council or departmental meeting minutes, memoranda, notices, or orders discussing the lay-offs; notices provided to the individual officers regarding the date(s) of the lay-offs; and/or budget documents ordering departmental and/or jurisdiction-wide budget cuts. These records must be maintained with your agency's CHRP grant records during the grant period and for three years following the official closeout of the CHRP grant in the event of an audit, monitoring, or other evaluation of your grant compliance.

When completing the questions below, please base your responses on your agency’s current (at the time of application) needs for funding in the three hiring categories (new hires, rehires of previously laid off officers, and rehiring officers who are scheduled to be laid off on a specific future date). CHRP grant awards will be made for officer positions requested in each of these three categories and recipients of CHRP awards are required to use awarded funds for the specific categories awarded.

During the review of your agency’s application, if the COPS Office reduces the number of positions you requested in the application, the COPS Office may contact you to obtain a new number of officer positions requested in each category.

How many CHRP sworn officer positions is your agency requesting (total)? 5

How many of the positions will be:

- (a) To hire new, additional officer positions (including to fill existing vacancies that are no longer funded in your agency’s budget)?
5
- (b) To rehire officers who have already been laid off (at the time of application) as a result of state, local, or tribal budget reductions?
0
- (c) To rehire officers who are (at the time of application) currently scheduled to be laid off on a specific future date as a result of state, local, or tribal budget reductions?

0 (# Positions)
Date of the scheduled lay-off for these officers

If your agency has planned multiple future lay-off dates, please use the additional space below:

(# Positions)
Date of the scheduled lay-off for these officers

(# Positions)
Date of the scheduled lay-off for these officers

Special Reminder for Rehired Officers:

The CHRP program awards funding based on your agency’s entry-level salary and benefits package. Any additional (higher than entry-level) salary and benefits expenses for rehired officers must be paid by your agency.

Certification Regarding Scheduled Lay-Offs:

If your agency plans to use CHRP funds to rehire officers who are currently scheduled to be laid off on a future date (under category c above), please certify (by checking the appropriate boxes) to the following:

Certification:

- My agency has and will maintain documentation showing the date(s) of the scheduled lay-off(s) and demonstrating that the scheduled lay-off(s) is/are occurring for fiscal reasons that are unrelated to the availability or receipt of CHRP grant funds (as described above).
- My agency will use its own funds to continue funding these officers until the scheduled date(s) of the lay-off(s) and will use CHRP funds to rehire these officers only on or after the scheduled date of the lay-off(s).
- My agency recognizes that the CHRP program provides funding based on our entry-level salary and benefits package and that any additional costs for rehired officers beyond entry-level are our responsibility to pay with other sources of funding.

If an applicant receives an award, and after receiving the awards needs to change the hiring categories, it must request a post-award grant modification to change the categories of hiring and receive prior approval before spending CHRP funding by calling the COPS Office Response Center at 1-800-421-6770.

The American Recovery and Reinvestment Act (Recovery Act) requires grantees to report their financial and programmatic progress within 10 days after the end of each calendar quarter. The Recovery Act reporting requirements are in addition to quarterly financial status report and quarterly programmatic progress report requirements. The COPS Office plans to request information from grantees consistent with Section 1512 of the Recovery Act, including collecting information on the number of new jobs created and the number of jobs preserved using CHRP funding. Awarded agencies will be required to submit information in a timely manner as a condition of the award. The COPS Office is then required to post data from grantee reports to Recovery.gov. Please be advised that the submission of programmatic and financial reports on a timely basis is a significant condition of the CHRP grant and a violation of the grant requirement may result in termination of grant funding or other remedies.

In order to aid in compliance with the reporting requirements, awarded agencies should be prepared to track and report CHRP funding separately from other funding sources (including other COPS and federal grants) to ensure accurate financial and programmatic reporting on a timely basis. Your agency should ensure that you have financial internal controls in place to monitor the use of CHRP funding and ensure that its use is consistent with grant terms and conditions. Good practices in this area would include written accounting practices, an accounting system that tracks all drawdowns and grant expenditures, and the ability to track when each CHRP position funded is filled or vacant (including if the position was for a new hire or a re-hire).

Community Policing Plan Narrative (please limit to 2,000 characters)

Please describe your agency's implementation plan for this program (if awarded), with specific reference to each of the following elements of community policing: (a) community partnerships and support, including consultation with community groups, private agencies, and/or other public agencies; (b) related governmental and community initiatives that complement your agency's proposed use of CHRP funding; and (c) organizational transformation – how your agency will use these funds, if awarded, to reorient its mission to community policing or enhance its involvement in and commitment to community policing. This narrative will not be scored for selection purposes but serves, along with the previous questions, as your agency's community policing plan. Your organization may be audited or monitored to ensure that it is initiating or enhancing community policing in accordance with this plan. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving and community policing implementation tools.

If your organization receives this CHRP grant funding, these responses will be considered as your organization's community policing plan. We understand that your community policing needs may change during the life of your CHRP grant (if awarded), and minor changes to this plan may be made without prior approval of the COPS Office. We also recognize that this plan may incorporate a broad range of possible community policing strategies and activities, and that your agency may implement particular community policing strategies from the plan on an as-needed basis throughout the life of the grant. If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval. Changes are "significant" if they deviate from the range of possible community policing activities identified and approved in this original community policing plan submitted with your application.

The mission of the Anderson City Police Department is to serve the public, protect the innocent, and enforce city, state, and federal statutes within the city limits of Anderson, South Carolina. This is accomplished through a comprehensive Total Quality Management process which emphasizes a team approach geared toward the protection of life, liberty, and property, the preservation of peace, and the prevention of crime. Each operational area – Uniformed Patrol, Community Patrol, Traffic, Detectives, and Vice/Narcotics – will work together in a responsible and professional manner in order to promote an environment in which all citizens will be able to live peacefully, work diligently, enjoy recreational activities, and be safe from threat of harm.

The City of Anderson, South Carolina is located approximately half-way between Atlanta, Georgia and Charlotte, North Carolina, three miles east of interstate 85. The City of Anderson has city, county and state government offices, as well as a federal courthouse, a major hospital, six public schools, a four-year college, and a two-year community college. The City of Anderson encompasses an area of 15 square miles and a population of approximately 26,326. The violent crime rate for the City of Anderson, South Carolina was 1,063.59 per 100,000 population in 2007. That was 93.66% worse than the rest of the south and 127.8% worse than the entire country. The City of Anderson Police Department recognizes the need to look for long term solutions to resolve the persistent and recurring problems in the community. Studies indicate that in many communities, more than 60 percent of the calls for service emanate from 10 percent of the locations within a city. Therefore, a problem oriented approach is necessary to address the underlying problems that are associated with individual calls for services in these areas. Unfortunately, due to limited human resources, the City of Anderson Police Department is unable to launch an effective community policing initiative. However, with the assistance from outside funding to employ additional personnel, the City of Anderson Police Department would create a dedicated nine officer Community Oriented Policing Unit. Ideally, each officer would be a Class I Certified Police Officer.

Community Policing strengthens the partnership between the citizens, law enforcement and government. Thereby encouraging citizen participation in crime reduction and allows greater coordination with City

government to address public safety issues. As members of the community, the Community Oriented Patrol Officers will coordinate the necessary resources available to eliminate specific community safety problems.

Once a Patrol Officer is unable to resolve a particular problem because of limited time or available resources, the Community Oriented Policing Unit will become responsible for addressing the public safety issue. In addition, the Community Oriented Policing Unit will be in charge of establishing and ensuring the continuation of Neighborhood Watches. The Community Oriented Policing Unit will have continual contact with the head of the Neighborhood Watches in each area of the city. The Neighborhood Watches serve the community by working with the City of Anderson Police Department to reduce crime. Neighborhood Watch members serve as additional eyes and ears for the City of Anderson Police Department, reporting criminal or other unusual activities in their neighborhoods.

The duties of the Community Oriented Policing Unit will include but are not limited to:

- Participation in assigned community programs
- Participation in special enforcement operations in target areas (e.g. DUI checkpoints, saturation patrols, narcotics surveillance)
- Assistance with patrol officers with problems that require additional time or resources
- Provide assistance to Investigations with locating suspects
- Handle any problems that are brought to the Chief of Police's attention
- Attend Neighborhood Watch meetings
- Develop and maintain a working relationship with the heads of the Neighborhood Watches
- Utilize city and community resources to solve community problems

Another function of the Community Oriented Policing Unit will be to utilize bicycle patrols in the high crime areas of the city. While on bicycle patrol, the officers will answer calls for service in the area and look for and apply tailor-made solutions to the problems. Often the solution to the problem may not be found in the realm of the criminal justice system, which will allow the officers to utilize the wide range of city and community resources available. The officers will build partnerships within the community in order to access the available resources that the schools, churches, service clubs, non-profit organizations and local businesses offer. In order for the officers to be successful in solving the underlying problems in the community, there has to be a joint effort between the officers and citizens using public and private resources. Hiring officers with good interpersonal skills who are sincerely interested and sensitive to the needs of the citizens will also be an essential part of making the Community Oriented Policing Unit effective within the community.

The following criteria shall be used as a basis for selection of the officers in the Community Patrol Unit:

- Ability to adapt to the changing needs of the City of Anderson
- Sets personal goals and objectives that are good for the City, citizens of Anderson and the police department
- Works in a professional and efficient manner
- Outstanding interpersonal skills
- Open to suggestions and new ideas
- Ability to continually work on a situation or problem until it is resolved, utilizing all City and community resources
- Positive overall law enforcement skills
- High personal integrity
- Ability to work with members of City government and citizens of a culturally diverse community
- Be knowledgeable of City codes and ordinances
- Be knowledgeable of and promote City programs
- Be innovative and creative in developing solutions to community-based problems

In order to ensure the effectiveness of the Community Oriented Policing Unit, the City of Anderson Police Department will seek written feedback by providing customer service response forms to the public. In addition the Community Oriented Policing Unit will be assigned to make follow-up courtesy phone calls to recent users of the department's services. These courtesy calls and response forms will be additional

methods that the department will utilize to measure how well the Community Oriented Policing Unit is meeting the overall needs of the community.

Currently, the City of Anderson Police Department is only able to address the visible symptoms of a problem without addressing the underlying cause. However, with the addition of the resources to establish the Community Oriented Policing Unit, the police department will be able to seek both long and short term solutions, to resolve both the symptoms and the cause of the problems. Locations with persistent problems will be the main concern of the Community Patrol. Target locations for the Community Oriented Policing Unit to focus on will be determined by the analysis of the zones with the most calls as stated in the annual report, citizen concerns, City Council, City Manager and law enforcement recommendations. The Community Oriented Policing Unit Officers will be responsible for formulating a plan to resolve the problem with all the concerned individuals through community, Neighborhood watch, and/or City Council meetings. The Community Oriented Policing Unit will not only be concerned with a potential law enforcement problem in the area but will pursue a solution to the problem that can come from city or community resources. The officers will be expected
