VI. PROJECT DESCRIPTION: The purpose of this section is to describe the broad goals of your program. In addition, describe a specific plan for conducting the program and a rationale for the tasks and activities to be employed to address the problem outlined in Section IV. Please outline in detail your overall program so that it is very clear to the reader what you plan to do. This documentation should include all activities from the time your initiate identifying the client to the job descriptions of all positions being funded by VAWA.

Indicate (estimate) the number of victims who will be served by this project.

Indicate (estimate) the number of persons who will be trained by this project

Indicate (estimate) the number of persons who will receive community education or awareness education under this project

Broad Goals

The primary purpose of this program is to improve investigation of violent crimes against adult women, specifically, domestic violence, sexual assault, and stalking cases through increased resources, to improve coordination of the various agencies responsible for the welfare of these victims, and to increase the number of officers with specialization in the area of domestic violence, sexual assault, and stalking. A secondary purpose is to take a proactive stance in an effort to prevent further abuse of women by raising public awareness regarding these problems. Together, these efforts should then cause a decline in the cases of domestic violence, sexual assault, stalking and other criminal activity associated with such acts against adult women.

Specific Plan

The following tasks and activities will be employed to aggressively combat domestic violence, sexual assault, and stalking against adult women.

1. To increase their knowledge and skills, the Violent Crimes against Women investigator will attend specialized training in domestic violence, sexual assault, and stalking investigation at least twice per year.
2. All violent crimes against women related cases will be assigned exclusively to the grant funded investigator. After regular office hours, cases of violent crimes against women which result in injuries requiring treatment or which result in death would require the investigator to be notified to respond.
3. The investigator will aggressively investigate all criminal domestic, sexual assault, and stalking related cases involving adult females as the victims.
4. The investigator will be involved in the screening process of domestic violence, sexual assault, and stalking related cases to aid in the determination of proper referral, action plans, and minimizing trauma to the victim. By law, law enforcement must notify victims of the status of their case until it is resolved.
5. The investigator will coordinate their efforts with the victim advocates and all agencies that share responsibility for the welfare of domestic violence, sexual assault, and stalking victims. Program literature will be provided to victims that describe services available and information about civil and criminal options that may be available. The investigator will also be available to assist victims in filling out forms to initiate legal action.
6. The investigator will provide training to patrol officers, who are often the first responders to criminal offenses, other investigators and to other agencies on domestic violence, sexual assault, and stalking indicators and investigative processes. The investigator will attempt to raise public awareness through presentations to faith-based and community groups, focusing on under-served populations, including elderly women and women with disabilities.

PROGRAM NARRATIVE

VII. PROJECT OBJECTIVES: Objectives are specific, quantified statements of expected results of the project. The objectives must be described in terms of measurable events that can be realistically expected under time constraints and resources. Objectives must be related to the problem(s) outlined in Section IV. They should describe who would do what by when and why. Provide no more than five objectives. PLEASE DO NOT LIST ANY TASKS. There should be no more than five (5) objectives and indicators.

1. To expand coordination and cooperation among the agencies responsible for the welfare of adult female victims of violent crimes.
2. To inform the Solicitor's Office of the scope of the Violent Crimes Against Women Investigative grant and coordinate with the Solicitor's Office on methods to improve case investigation and the victim's preparation for the courtroom.
3. To increase the violent crimes against women investigator's knowledge and skills in conducting domestic violence, sexual assault, and stalking related investigations.
4. To minimize trauma to victims of domestic violence, sexual assault, and stalking during the investigation process.
5. To provide training for other officers and law enforcement agencies on domestic violence, sexual assault, and stalking indicators and investigative processes. Also, raise the awareness of the public and community organizations regarding the problem of domestic violence, sexual assault, and stalking against women.

VIII. PERFORMANCE INDICATORS: Based upon your measurable objectives, state exactly how each objective will be measured. Performance Indicators should be matched to your specific objectives, in a one to one ratio. Performance Indicators are activities that evaluate and document your programs as to whether each activity was successful. For example, if you wanted to measure a training workshop, a Performance Indicator would be written evaluations to be completed by participants at the end of the conference, observation, and verbal feedback from the involved persons to independent third party observers who would be documented in an overall report.

1. The investigator will meet on a quarterly basis with local agencies responsible for the welfare of female victims of violent crimes welfare. Minutes of the meeting will be documented and turned into the Project Director at least three days after the meeting. The focus of the meetings will be to improve investigations of domestic violence, sexual assault, and stalking related crimes against women, to raise awareness of the problem in the community, and to develop a Memorandum of Agreement among agencies that specifies the protocol that will be used to investigate violent crimes against women. A copy of the Memorandum will be turned in to the Project Director.
2. The City of Anderson Police Department will document the initial introduction of the Violent Crimes against Women grant funded investigator to the Solicitor's Office. The introduction will include discussion on methods to improve current case investigations. In addition, the investigator will meet quarterly with the Solicitor's Office to review the progress of current and past case investigations. Discussion of the victim's preparation for the courtroom will be presented to the Solicitor's Office on a case by case basis. Each meeting with the Solicitor's Office will be documented and the minutes will be turned into the Project Director no later than three days after the meeting.
3. The increase in the violent crimes against women investigator's knowledge and skills in domestic violence, sexual assault, and stalking investigations will be accomplished through additional, intensive training in this area. The investigator will attend a minimum of two courses relating to in violent crimes against women and the investigation process. When selecting further training opportunities the investigator should request feedback from the Solicitor's Office concerning the quality of previous investigations and/or evidence obtained on both prosecuted and non-prosecuted cases. Any feedback will be documented and turned into the Project Director no later than three days after the meeting.
4. Since victims of violent crimes frequently have to endure multiple interviews with different agencies and may be required to repeat accounts of their abuse, assault, or stalking several times, the investigator will

document the number of interviews conducted during the investigative process and, to reduce the number of victim interviews, will coordinate with other agencies to conduct videotaped interviews.

5. A record will be maintained of domestic violence, sexual assault, and stalking crimes against women training presented by the investigator to other law enforcement officers within the department as well as other local law enforcement agencies at least three times a year. The investigator will also provide training to other agencies in the City of Anderson which are responsible for the welfare of female victims of violent crimes. Other agencies include universities, the Department of Social Services, and medical organizations. The investigator will, in addition, develop presentations on violent crimes against adult women and present the presentations to community organizations, focusing on groups pertaining to disabled and/or elderly females.

PROGRAM NARRATIVE

IX. PROJECT ASSESSMENT AND EVALUATION: In addition to performance indicators, describe any planned methods or measurement tools that will be used to demonstrate how project activities were successful. Private non-profit agencies: 1) Are you receiving funds from City/County Council? If yes, how much will go toward the continuation of this project? If no, provide extensive, valid documentation that the project cannot be continued with other funding sources (other than these grant funds).
